

1. PRODUCT AND COMPANY IDENTIFICATION

1.1 Product Name:	Natural beeswax pellets
1.2 Untended Use:	Use as intended
1.3 Manufacturer and supplier:	IE Galaev Sergey Sergeevich
1.4 Legal address:	603117, Nizhny Novgorod. st. Hero of the Soviet Union Bubnova, 8, korp.A
1.5 Production address:	603117, Nizhny Novgorod. st. Hero of the Soviet Union Bubnova, 8, korp.A
1.6 Emergency telephone:	+7(831) 410-12-85
1.7 E-mail:	Hello@domvoska.com

2. HAZARD IDENTIFICATION ACCORDING TO GHS

2.1 Classification (Precautionary labeling)	Product is safe
2.2 Signal word	None
2.3 Hazard pictograms	None
2.4 H-Statements	H317, H320 For more information on H-Statements, see Section 16.
2.5 P-Statements	P262, P305 + P351 + P338, P332 + P313 For more information on P-Statements, see Section 16.

3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance	Concentration (%)	CAS-No	EC-No
Beeswax	100	8006-40-4	232-383-7

4. FIRST AID MEASURES

4.1 Eye Contact	Flush eyes with water (at least 15 minutes). Remove contact lenses. If symptoms persist, seek medical attention.
4.2 Skin Contact	Rinse with plenty of water
4.3 After swallowing	Safely. If you have an allergic reaction, seek medical attention.
4.4 After inhalation	Fresh air. If symptoms persist, seek medical attention.
4.5 Most important symptoms and effects, both acute and delayed	In rare cases, causes an allergic reaction
4.6 Potential Acute Health Effects	None

5. FIREFIGHTING MEASURES

5.1 Flammability	Non-flammable substance.
5.2 Thermodestruction products	In case of fire, harmful gas products will not be formed
5.3 Fire and explosion safety	It is fire-proof and blast-proof
5.4 Ways of fire extinguishing	Recommended fire extinguishing means: Carbon dioxide (CO ₂), foam, dry powder
5.5 Specific Extinguishing	In case of fire, wear self-contained breathing apparatus. Remove container from hazardous area and cool with water. Prevent contamination of surface or groundwater with water from fire extinguishing.

6. MEASURES IN CASE OF ACCIDENTAL RELEASE/LEAKAGE

6.1 Individual precautions	Use PPE. Provide effective ventilation, especially indoors.
6.2 Environmental precautions	If possible, repair the leak. Avoid getting into the environment.

6.3 Contamination and cleaning In case of soil contamination, remove contaminated soil for reconstitution or disposal in accordance with the regulations in force.

7. HANDLING AND STORAGE

7.1 Precautions for safe handling Advice on safe handling:
Observe label precautions.

Advice on protection against fire and explosion:
Keep away from open flames.

Hygiene measures:
Change contaminated clothing. Wash hands after working with substance. Keep away from food, drinks and animal feed.

7.2 Safe storage conditions Wax can be stored at any temperature, in the manufacturer's packaging, in covered warehouses, on a smooth cemented floor. The shelf life of the wax is not limited.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

8.1 Personal Protective Equipment Not required.
General Considerations

8.2 Personal Protective Equipment

Eye Protection Not required.

Protection of respiratory organs Not required.

Skin protection

Wear suitable protective gloves.

8.3 Special protective equipment No information

9. PHYSICAL AND CHEMICAL PROPERTIES

Specifications	Indicators
Color	White, cream white
Smell	Natural, waxy
Structure (in break)	Homogeneous, fine-grained
Mass fraction of water, %, max	0,5
Mass fraction of mechanical impurities, %, max	0,3
Penetration, at 20°C, mm	6,5
Index of refraction at 75°C	1,441-1,443
Melting temperature, °C	63,0-69,0
Acid number	14,0-19,0
Saponification number	87,0-102,0
Ether number	70,0-80,0
Iodine number, g iodine in 100 g wax	7,0-15,0

10. STABILITY AND REACTIVITY

10.1 Chemical stability The product is chemically stable under normal storage and operation conditions.

10.2 Reactivity Low

10.3 Possibility of hazardous reactions No information

10.4 Incompatible materials No information

11. TOXICOLOGICAL INFORMATION

11.1 Acute toxicity No information

11.2 Sensitization of the respiratory system, eyes and skin	No information
11.3 Mutagenicity	No information
11.4 Carcinogenicity	No information
11.5 Reproductive toxicity	No information
11.6 Specific target organ toxicity - single exposure	No information
11.7 Specific target organ toxicity - repeated exposure	No information
11.8 Aspiration hazard	No information
12. ECOLOGICAL INFORMATION	
12.1 Aquatic microorganisms	No information
12.2 Persistence and degradability	No information
12.3 Bioaccumulative potential	No information
Mobility in soil	Mobility in soil: No information
12.4 Other adverse effects	No information
13. DISPOSAL CONSIDERATIONS	
13.1 Waste treatment methods	Waste must be disposed of in accordance with national and local regulations. Store the product in accordance with the requirements set forth in Section 7 (Handling and Storage). Dispose of in accordance with all federal, state, and local regulations.
14. TRANSPORT INFORMATION	
14.1 UN number	No information
14.2 Proper shipping name	No information
14.3 Class	None
14.4 Packing group	None
14.5 Environmentally hazardous	None
14.6 Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code	No information
14.7 Special precautions	Wax is transported by all modes of transport In compliance with the rules for the carriage of goods (applicable in this mode of transport)
15. REGULATORY INFORMATION	
15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture.	EU regulations Major Accident Hazard Legislation SEVESO III
15.2 Chemical safety assessment	Product is not hazardous under existing regulations: Code of International Carriage of Dangerous Goods by Road и Rail (RID), International Maritime Dangerous Goods Code (IMDG) and International Air Transport Association (IATA) regulations.
16. OTHER INFORMATION	
16.1 Full text of risk factor language	Hazard statements: H317 May cause an allergic skin reaction H320 Causes eye irritation Precautionary statements: P262 Avoid contact with eyes, skin or clothing. P305 + P351 + P338 If in eyes: rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

Material Safety Data Sheet	Natural beeswax pellets	Total pages 4
		page 4

	P332 + P313 Skin irritation: contact a doctor.
16.2 Training advice	Provide adequate information, instruction and training for operators.
16.3 Labelling	Hazard pictograms: None Signal word: None
<p>The information provided in this Material Safety Data Sheet is based on data that is believed to be accurate at the date of preparation of this Material Safety Data Sheet. No responsibility is accepted for any damage or injury caused by abnormal use or due to non-compliance with recommended practices. The above information and product are provided that the person receiving them must make their own determination as to the suitability of the product for their specific purpose and provided that they assume the risk of their use. In addition, no permission is granted or implied for the application of any patented invention without a license. The above information is believed to be accurate and reflect the information available to the manufacturer. However, this does not entail a guarantee for all the specific characteristics of the goods and does not serve as a basis for the emergence of contractual relations from a legal point of view. Current laws and regulations must be respected by the manufacturer's successor at their own risk.</p>
